SEE INSIDE FOR INFORMATION

## What is Indikart+?

Hooton Park's Indikart + Championship is based on a format of three heats and a final, with the heats based on a random grid draw; one at the front of a heat, one towards the middle and one towards the back, or three heats in the middle. The grids are decided by computer software to make the draw fair to each driver.

Indikart + is open to any driver, with or without a racing licence, subject to being able to demonstrate a minimum experience of 5 competitive race events (MSUK or Non MSUK Independent Races), or who have attended a driver racing course and passed a basic written exam covering flag signals and the rules of racing. Until drivers have attended 5 race events they will be classed as novices, and will have to start each heat towards the back of each grid.

## What is Livestream+?

Livestream + is a service provided by TDi Media, with ALL heats and the final on a Sunday race day live-streamed online, and the finals (with 16 minimum drivers entered in each class) re-edited, to include drone, 360 cameras, and additional camera angles, with Jake Sanson and Alan Taddei providing a fresh commentary track for a broadcast TV highlights show. As such, it is an unrivalled and ultimate media package for the sport at club level.

## How Many Rounds and What are the Dates?

The Championship will be held over 10 rounds on the 2nd weekend of each month, with 6 of the rounds filmed during 2023 (final dates for filming still to be decided, but starting in February 2023). Information will be updated and on display at Hooton Park and on the facebook pages for both Hooton Park and TDi Media as soon as we finalise the plans.

A checkered flag is the background of the entire page. The top-left and bottom-left corners feature a black and white checkered pattern. The right side of the page is a vertical strip with a blue and black checkered pattern. The central text is white on a white background.

## What Classes are Included?

Bambino | Micromax | Honda 200  
Minimax | Junior Rotax | Senior Rotax
